

# SUPER 6-14-6™

A Bio Stimulated, Bio Active Hot mix Liquid NPK. SUPER 6-14- $6^{\text{TM}}$  is made from high grade, high quality, and natural ingredients making this liquid NPK very pure and clean. Plants will utilize more readily and quicker than comparable water soluble NPK. SUPER 6-14- $6^{\text{TM}}$  will increase the binder strength to help hold fruit from premature drop.

SUPER 6-14-6<sup>™</sup> should be used between and just prior to Budding and fruit formation and can be mixed with Bloom N Fruit<sup>™</sup> for increased flower / Fruit set.

## **STORAGE**

Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 5 C (41 F) and 25 C (77 F).

Dispose of Waste Material according to local, state, and Federal environmental laws and regulations.

## **CAUTIONS**

Because of the nature of high phosphate care should be taken when mixing with humic acid and or Calcium products. Always do a jar compatibility test before mixing any two products other than water in your tanks.

## **DISCLAIMER**

It is recommended not to use this product with fungicides or pesticides. However, if applied with a fungicide or pesticide, it is the user's responsibility to conduct a trial application on the crop(s) to be sprayed with this mix of chemicals to determine compatibility of products and compatibility with crop(s) sprayed. Harmful if swallowed. Avoid contact with eyes, skin, and clothing. If on skin, wash with large amounts of soap and water. If in eyes, rinse repeatedly with clean water. If irritation persists, obtain medical attention.

\*Ingestion: If patient is conscious, give large quantities of water. Do not induce vomiting. Call physician.
