

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### SECTION 1: Identification

#### 1.1 GHS Product identifier

Product name Super Hume Seaweed Organic

#### 1.3 Recommended use of the chemical and restrictions on use

Organic Concentrated Seaweed Humic Acid Blend

#### 1.4 Manufacturer

Name UAS of America  
Address 534 CR 529A  
Lake Panasoffkee FL 33538  
USA  
Telephone (352) 793-1682

#### 1.5 Emergency phone number

1-800-424-9300

### SECTION 2: Hazard identification

#### 2.1 Classification of the substance or mixture

GHS classification in accordance with: (US) OSHA (29 CFR 1910.1200)

Not a hazardous substance or mixture.

#### 2.2 GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

#### 2.3 Other hazards which do not result in classification

Not a hazardous substance or mixture.

### SECTION 3: Composition/information on ingredients

#### 3.2 Mixtures

##### Components

| Component  | Concentration  |
|--|----------------|
| Ascophyllum nodosum extract (CAS no.: 84775-78-0; EC no.: 283-907-6) | Not specified* |
| Leonardite Shale (CAS no.: 129521-66-0)                              | Not specified* |

##### Trade secret statement (OSHA 1910.1200(i))

The specific identity and/or exact percentage of composition is not provided because it is a trade secret. Product is not considered hazardous under OSHA Hazard Communication Standard (29 CFR 1910.1200)

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### SECTION 4: First-aid measures

#### 4.1 Description of necessary first-aid measures

|                         |   |
|-------------------------|---|
| General advice          | Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.   |
| If inhaled              | Call a poison center or doctor if you feel unwell.<br>Acute and delayed symptoms and effects: May cause respiratory irritation. Signs/symptoms may include cough, sneezing, nasal discharge, headache, hoarseness, and nose and throat pain.  |
| In case of skin contact | Take off immediately all contaminated clothing. Rinse skin with water/shower for at least 15 minutes. Call a poison center or doctor if irritation develops or persists. Wash contaminated clothing before reuse.   |
| In case of eye contact  | Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention/advice.<br>Acute and delayed symptoms and effects: Causes serious eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision. |
| If swallowed            | Wash out mouth with plenty of water. Do not induce vomiting. Get medical attention if necessary.<br>Acute and delayed symptoms and effects: May cause gastrointestinal irritation. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.   |

#### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labeling (see section 2) and/or in section 11

#### 4.3 Indication of immediate medical attention and special treatment needed, if necessary

Treat symptomatically.

### SECTION 5: Fire-fighting measures

#### 5.1 Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

#### 5.2 Specific hazards arising from the chemical

Fire water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain.

#### 5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

#### Further information

Use water spray to cool unopened containers.

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Use personal protective equipment as described in Section 8. Do not get in eyes, on skin, or on clothing. Ensure adequate ventilation. Evacuate personnel to safe areas.

#### 6.2 Environmental precautions

Avoid discharge into environment.

#### 6.3 Methods and materials for containment and cleaning up

Contain all spills and leaks to prevent discharge into the environment. Use appropriate tools to transfer spill material to proper disposal container.

Or recover material and use it for its intended purpose.

### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

Use personal protective equipment as required. Keep container closed when not in use. Never return spills in original containers for re-use. Always wash hands after handling the product. Wash contaminated clothing before reuse. Keep out of the reach of children and pets.

#### 7.2 Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Keep away from direct sunlight, extremely high or low temperatures and incompatible materials. Store in temperatures between 40°F-78°F. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

#### Specific end use(s)

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

### SECTION 8: Exposure controls/personal protection

#### 8.2 Appropriate engineering controls

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

#### 8.3 Individual protection measures, such as personal protective equipment (PPE)

##### Eye/face protection

Tightly fitting safety goggles. If splash hazard, wear face shield (8-inch minimum). Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US).

##### Skin protection

Wear protective clothing as necessary to minimize contact. Use chemical resistant gloves

##### Body protection

Wear protective clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### Respiratory protection

Not required under normal use conditions. Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multipurpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

### Thermal hazards

No data available.

### Environmental exposure controls

Do not let product enter drains.

## SECTION 9: Physical and chemical properties

### Basic physical and chemical properties

|  |                         |
|--|-------------------------|
| Physical state   | Liquid                  |
| Appearance   | Black Liquid            |
| Color  | Black Liquid            |
| Odor   | Earthy Marine Like Odor |
| Odor threshold   | No data available.      |
| Melting point/freezing point                             | No data available.      |
| Boiling point or initial boiling point and boiling range | No data available.      |
| Flammability   | No data available.      |
| Lower and upper explosion limit/flammability limit       | No data available.      |
| Flash point  | No data available.      |
| Explosive properties                                     | No data available.      |
| Auto-ignition temperature                                | No data available.      |
| Decomposition temperature                                | No data available.      |
| Oxidizing properties                                     | No data available.      |
| pH   | 12.9                    |
| Kinematic viscosity                                      | No data available.      |
| Solubility   | No data available.      |
| Partition coefficient n-octanol/water (log value)        | No data available.      |
| Vapor pressure   | No data available.      |
| Evaporation rate   | No data available.      |
| Density and/or relative density                          | 1.07                    |
| Relative vapor density                                   | No data available.      |

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Contact with incompatible materials. Sources of ignition. Exposure to heat.

### 10.2 Chemical stability

Stable under normal storage conditions.

### 10.3 Possibility of hazardous reactions

No data available.

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### 10.4 Conditions to avoid

Heat, flames and sparks. Incompatible products. Keep away from open flames, hot surfaces and sources of ignition.

### 10.5 Incompatible materials

Acidic solutions of pH 5 or lower, compounds containing calcium.

### 10.6 Hazardous decomposition products

No known hazardous decomposition products.

## SECTION 11: Toxicological information

### Information on toxicological effects

#### Acute toxicity

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

Symptoms (including delayed and immediate effects):

Inhalation: May cause respiratory irritation. Signs/symptoms may include cough, sneezing, nasal discharge, headache, hoarseness, and nose and throat pain.

Ingestion: May cause gastrointestinal irritation. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

#### Skin corrosion/irritation

Causes skin irritation. Signs/symptoms may include localized redness, swelling, and itching.

#### Serious eye damage/irritation

May cause eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

#### Respiratory or skin sensitization

No data available.

#### Germ cell mutagenicity

No data available.

#### Carcinogenicity

This product is or contains a component that is not classifiable as to its carcinogenicity based on its IARC, ACGIH, NTP, or EPA classification

#### Reproductive toxicity

No data available.

#### Specific target organ toxicity (STOT) - single exposure

No data available.

#### Specific target organ toxicity (STOT) - repeated exposure

No data available.

#### Aspiration hazard

No data available.

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### SECTION 12: Ecological information

**Toxicity**

No data available on product

**Persistence and degradability**

No data available on product

**Bioaccumulative potential**

No data available on product

**Mobility in soil**

No data available.

**Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

**Other adverse effects**

No data available.

### SECTION 13: Disposal considerations

**Disposal methods****Product disposal**

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

**Packaging disposal**

Dispose of as unused product.

**Waste treatment**

Consult with qualified representative for proper disposal or treatment.

**Sewage disposal**

Consult with qualified representative for proper disposal or treatment.

### SECTION 14: Transport information

**DOT (US)**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

# Super Hume Seaweed Organic

## SAFETY DATA SHEET

### SECTION 15: Regulatory information

#### 15.1 Safety, health and environmental regulations specific for the product in question

##### Toxic Substances Control Act (TSCA) Inventory

Not Listed.

##### SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

##### SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

##### SARA 311/312 Hazards

No Hazards

##### Massachusetts Right To Know Components

No components are subject to the Massachusetts Right to Know Act.

##### Pennsylvania Right To Know Components

No components are subject to the Pennsylvania Right to Know Act.

##### New Jersey Right To Know Components

No components are subject to the New Jersey Right to Know Act.

##### California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

### SECTION 16: Other information

Date of Revision: January 3, 2023

Prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200.

#### 16.1 Further information/disclaimer

DISCLAIMER: The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigation to determine the suitability of information for their particular purposes. In no event shall UAS of America, be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, whatsoever arising, even if UAS of America has been advised of the possibility of such damages.
